PROFILE

I'm a passionate Full Stack Developer specializing in Laravel, Vue.js, Inertia.js. I build scalable, secure, and high-performance applications while managing DevOps tasks like Dockerization, CI/CD, and cloud deployments. Focused on automation, optimization, and clean architecture, I aim to deliver seamless experiences through modern technologies, continuous improvement, and efficient end-to-end development practices.

WORK EXPERIENCE

WPDeveloper

2021 - PRESENT
